Subject: Microsoft Settlement

As a concerned citizen I want to see the Microsoft case settled. Despite the aggressive lobbying efforts of a few of Microsoft's competitors, the federal government and nine states finally reached a comprehensive agreement with Microsoft to address the reduced liability found in the Court of Appeals ruling. This settlement I'm sure was tough, but seems reasonable and fair to all parties involved. Consumers overwhelmingly agree that settlement is good for them, the industry and the American economy. The last thing the American economy needs is more litigation that benefits only a few wealthy competitors and lawyers and stifles innovation. Don't let these special interests defeat the public interest. Settle now so we, The United States, can move on. Haven't we endured enough setbacks with Sept 11th?
